

Claim Status Lookup

Claim status can be researched using Innovista’s claim lookup functionality (<https://innovistaportal.com/claim-status>) using a unique Claim ID or Patient Account Number. The Provider claim ID / Patient Account Number identifiers can be found on Box 26 on a professional claim or Box 3A on an Institutional Claim.

The interface allows a user to lookup either one or multiple claims at a time. Simply enter the ID in the text box and click the Search button. Depending on how many claims you are researching, it may take several seconds to return the results.

Claim Status Lookup

Enter Provider Claim ID or Patient Account Number (single or up to 30 comma delimited)

How can I save the results?

The results pane contains HTML which can simply be copied and pasted into Excel for further analysis or reporting.

What do I do if a record is NOT FOUND?

First, ensure that you typed in the claim id/account number correctly. If the claim id/account number is correct and the record is not found, the claim may not have been received by Innovista. Please resubmit the claim with the correct payer id from the list below.
